

TRIANGO 100

Select equipment. Perfect vision. TRIANGO 100

With 100,000 lux at one meter, it is the most powerful medical light in the Derungs range. It is particularly suitable for treatments, surgical interventions or in-depth examinations. Thanks to first-class colour rendering properties and LEDs in two different light colours, it also supports medical professionals in areas such as dermatology, gynecology and urology.

TRIANGO 100	technical data
luminous power *	100,000 Lux @ 1.0 m
colour temperature *	fixed: 4300 K adjustable: 3700 K / 4300 K / 4700 K
lighting field @ 1.0 m *	Ø fixed 18 cm focusable: 18 – 28 cm
depth of illumination *	80 cm
colour rendering index	Ra > 95
usage	touch panel on cardanic system
class of protection	I
protection rating	IP 43 (luminaire head) IP 20 (UPSmed pack)

TRIANGO 100 – variations

TRIANGO 100 C ceiling version

TRIANGO 100 W wall mount

TRIANGO 100 F roller stand

TRIANGO 100 F Battery-UPSmed Pack

Model with endo mode

When the doctor is performing an endoscopic procedure, the illuminance must be adjusted so that the view of the monitor is not obstructed by glare or reflection.

Optional: focusable light field

An adjustable light field gives every physician great flexibility in everyday work. Depending on the size of the treatment area, the light can be optimally adjusted. Especially for treatments on the patient's face, a smaller light field protects the patient from glare. For larger treatment areas, it is not necessary to realign the luminaire.

Product highlights

Ideal colour temperature

optionally in three levels adjustable (3700 K / 4300 K / 4700 K)*

Unique arm system

high positional accuracy and large action radius

Diamond shaped optics

for highest light quality

Intuitive operation

simple and within easy reach via touch panel
